

WEEKLY UPDATE AND NOTIFICATION OF NEW CASE

November 20, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had seventy residents and twenty-five staff members test positive for COVID-19.

During our bi-weekly employee screening process on November 13th, we received confirmation that 3 agency staff members tested positive for COVID-19. All individuals were removed from the schedule. We then screened all the residents in the facility and obtained all negative results for the entire resident population.

Due to the 19.1 % positivity rate in Washoe County, we are continuing to test all of our employees on a twice weekly basis.

Unfortunately, the high community positivity rate also necessitates that we remain closed to on site visitation at this time. Please continue to utilize our schedule for face time and window visits in the interim.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 775-829-7220.

Sincerely,

Ellen Kelly
